

**Guelph-Waterloo Centre
for Graduate Work in
Chemistry and Biochemistry**

Your Research Interests

Name of Applicant: _____

The interests of the (GWC)² faculty members span the entire spectrum of chemistry and biochemistry. As well, ample opportunities exist for research of an interdisciplinary nature. Please specify your areas of interest below so that we can circulate your file to the appropriate group of faculty. If you are particularly interested in the work of any of the individuals described on the centre's web site, please write their names below.

Analytical Chemistry	Molecular Electronics
Biological Chemistry & Biochemistry	Nanoscience
Catalysis	Nuclear Magnetic Resonance Spectroscopy
Cell Biology	Organic Chemistry
Crystallography / X-ray Diffraction	Physical Chemistry
Chemical Kinetics and Reaction Dynamics	Polymer Chemistry
Chemical Physics	Surface Science
Electrochemistry	Sustainable Energy
Environmental Chemistry	Theoretical and Computational Chemistry
Inorganic Chemistry	Toxicology
Materials Science	

Any particular researchers whose work is of interest to you?
